

Inverloch Surf Living Saving Club commenced in 1998. We have operated from shipping containers for most of this time and have been working towards a permanent club house for five years.

The Club has a rapidly increasing membership as Inverloch becomes a more popular holiday destination. Giving the local population this new facility will enhance the training of young life-savers, and is a valuable community asset. It will help ensure Inverloch Surf Beach remains a safe place for beach goers.

We have funding from Inverloch District Community Bank- Bendigo Bank, Lifesaving Victoria, Bass Coast and many local businesses. We have recently obtained Community Facilities Funding from the State Government, which will allow us to commence construction at the end of the 2010 Season.

The community has been generous in its support with many BRICK PLEDGES over the last two years.

We still require a further \$250,000 towards the completion of this project, and ask that you take advantage of the following SPONSORSHIP OPPORTUNITIES.
