

Lions support Inverloch Surf Life Saving Club

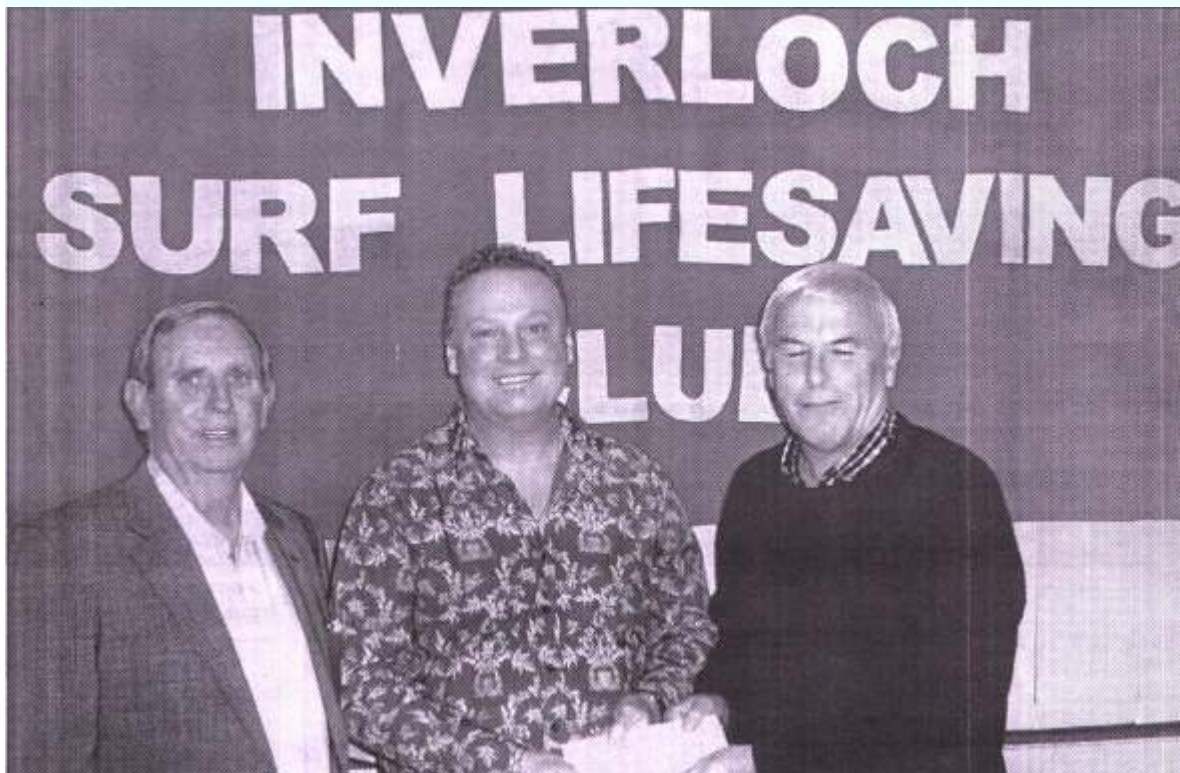

THE Lions Club of Inverloch and District has pledged \$5000 towards the building of the new Inverloch Surf Life Saving Club rooms.

Volunteers have operated a life saving service from shipping containers for some time.

The new clubrooms planned for the current site on the surf beach should be a reality in 2010, however there is a real need for further support from the community as the club seeks to provide locals and visitors with a secure place from which to enjoy the

popular Inverloch surf beach.

Inverloch Lions have allocated a further \$1000 from the sale of Christmas cakes and from their Queen's Birthday weekend garage sale to provide new and replacement resuscitation equipment.

Inverloch Surf Life Saving Club president Phillipe Du Plessis receives a welcome cheque from Neil Everitt and Terry Hall, Inverloch Lions secretary and treasurer.
